

## REID seminar, Saturday, 9 November 2019

### Reggio Emilia, He Taniwha Hiku Roa!

The allegory of the taniwha with its long tail is symbolic of Reggio education and its ever-increasing international following. It also relates to our individual settings where we create a sense of belonging with others to magical projects and fantastic places. Brenda will unpack the Reggio Emilia principle of 'Participation' and draw upon her experience to share what this principle looks like through a Māori lens.

Facilitator: Brenda Soutar, who is the Kaiarahi/ Māori adviser to REANZ and a Reggio Emilia Manawatu (REM) committee member.
